Our Vision

我們的願景

CCC Kei Yuen College is a Christian grammar school founded by the Hong Kong Council of the Church of Christ in China (HKCCCC) in 1982. Inheriting the spirit of "Serving & Preaching through Schooling" from HKCCCC and following God's words, "Together we grow in Him", we endeavor to provide students with quality whole-person education.

We strive to establish a happy learning environment where students have all-round development in moral, intellectual, physical, social, aesthetic and spiritual aspects. We recognize and put special attention to students' individuality and provide them with abundant opportunities to develop their individual potential so that they can grow up into teenagers who treasure themselves, cherish others and love God.

中華基督教會基元中學是一所基督教文法中學，一九八二年由中華基督教會香港區會創辦。本校秉承區會「透過學校，傳道服務」的辦學精神，並以「凡事長進，連於元首基督」為宗旨，向學生提供全人教育。

本校的辦學理念是建立一個愉快有紀律的學習環境，使學生在德、智、體、群、美、靈各方面得到均衡的發展；並且關注學生的個別特質，提供更多機會讓他們發展個人潛能，以成為愛己、愛人、愛神的有為青年。

Principal's Message

校長的話

“

Welcome to CCC Kei Yuen College!

CCC Kei Yuen College is a Christian co-educational grammar school, with English as the medium of instruction, founded in 1982 by the Hong Kong Council of the Church of Christ in China (HKCCCC).

Our school motto, 'We will in all things grow up into him who is the Head, that is, Christ' (Ephesians 4:15), and the name of our school - 'Kei' means Christ and 'Yuen' means Head, thus 'Christ is the Head'—shape our direction, which is to follow Christ's model: striving for 'Excellence with a Soul' and pursuing 'Outstanding with a Heart' in all things.

We have established a happy learning environment where our students, nurtured with 'Love and Care', can grow in love and where whole-person development is fostered. Not only do we value academic performance and intellectual development, but we also place strong emphasis on values, attitudes, and our perpetual tradition of physical and aesthetic excellence.

Kei Yuen students are nurtured to be self-regulated learners in a context that promotes extraordinary learning experiences not confined to the classroom. Ubiquitous learning, via online classroom, has been technologically enhanced to promote learning anytime and anywhere. Kei Yuen students also widen their global horizon by joining various service training and leadership development programs, as well as study tours to English-speaking countries.

High-quality education that caters to the diverse needs of our students creates abundant opportunities in our changing world. We acknowledge and pay special attention to students' individuality, developing their unique potential so that they can treasure themselves, cherish others and love God.

Our graduates are proud of being part of the Kei Yuen family. They understand their duty and have contributed to communities in Hong Kong, mainland China and the world for forty years.

I look forward to welcoming you to the Kei Yuen family.

English Learning, Lifelong Benefits

英語學習 終身受用

English is an important international language, and one that students must master. Becoming proficient in English can enhance students' academic learning and prepare them for their future career development. English has been the language of instruction for all Form One classes since the 2010/2011 academic year. This year, a total of 15 subjects are being taught in English in junior forms, including English Language, Mathematics, Geography, Integrated Science, Physics, Chemistry, Biology, Computer Literacy, History, Visual Arts, Physical Education, Home Economics, Music, Design and Technology and STREAM. In addition, our school has adopted a variety of teaching and learning strategies to enrich our English learning environment.

To enhance students' speaking skills, all junior speaking classes are taught by a Native English Teacher (NET). Over the years, the school has organized many activities, including English morning assemblies, English Activity Days and English variety shows. Furthermore, students are encouraged to participate in different English extra-curricular activities, such as the English Speech Team, the English Debating Society, the English Drama and Movie-making Society, the Smart Writers Society, and the Scrabble Society.

As our school aims to provide students with multiple learning experiences using English, different learning activities are organized every year, including study tours to English-speaking countries, English Drama Competitions and Debating Competitions.

英語是國際語言，是學生升學及就業不可或缺的基石。為裝備學生，迎接未來的挑戰，本校特加強英語教學。由2010/2011年度開始，本校中一所有班別均使用英語為教學語言。本學年，初中級使用英語授課的科目共有15科，包括：英國語文、數學、地理、綜合科學、物理、化學、生物、電腦、歷史、視覺藝術、體育、家政、音樂、設計與科技，及於2024/2025年度中一級新增英國文學及科技課程STREAM。

為加強學生的英語會話能力，初中各班英語會話課均由外籍老師教授，另設英語早會、英語活動日及英語綜藝表演等。除此之外，本校更成立英語課外活動小組，例如英詩朗誦學會、英語演辯學會、英語話劇及攝錄組、英文小作家學會、英文拼字學會等，以營造良好的英語學習環境。

再者，本校著重多元學習經歷，為學生提供不同類型的英語學習活動，如澳洲遊學團、英語話劇比賽及英語辯論比賽等，以提升學生的英語能力，拓展國際視野。

Global Classroom: Empowering Future-Ready Learners through Cross-Curricular Education

環球教室：通過跨學科教育賦能面向未來的學習者

The Global Classroom is a transformative educational programme aimed at equipping students with essential 21st-century skills, fostering global awareness, and enhancing English proficiency through innovative cross-curricular learning. Rooted in the principles of creativity, communication, and critical thinking, the initiative integrates STREAM education (Science, Technology, Reading, Engineering, Arts, and Mathematics) with literature and language arts to provide a comprehensive and enriching learning experience.

Key programmes include the SRL Literature Maker, which combines classic literary works like Frankenstein with STREAM-related projects, encouraging students to explore design thinking, problem-solving, and technology applications. The Literature Out Loud programme, developed in collaboration with Harvard University, engages students in creative activities such as art, music, and drama to deepen their understanding of literature while enhancing critical thinking and cultural awareness.

The MOOCs for All Scheme provides students with access to over 3,900 courses from prestigious universities worldwide, allowing personalized, self-regulated learning experiences. Students engage in multicultural peer learning, develop critical thinking skills, and earn verified certificates.

Additional initiatives, such as the Global Dialogue and Virtual Exchange Programme, connect students with peers and professionals globally, fostering cross-cultural understanding. Together, these programmes prepare students to excel in a globally interconnected world, empowering them as self-regulated, lifelong learners.

環球教室計劃是一項具突破性的教育項目，旨在透過創新的跨學科學習模式，協助學生掌握21世紀核心技能，培養全球視野並提升英語能力。該計劃以創造力、溝通能力及批判性思維為基石，融合STREAM教育（科學、技術、閱讀、工程、藝術與數學）與文學及語言藝術，提供全方位且多元化的學習體驗。

核心項目包括SRL Literature Maker，透過將《科學怪人》等經典文學作品與STREAM相關活動結合，鼓勵學生探索設計思維，提升解難能力及技術應用。與哈佛大學合作開發的Literature Out Loud計劃，讓學生參與藝術、音樂及戲劇等創意活動，深化對文學的理解，並增強批判性思維及文化敏感度。

MOOCs for All Scheme提供學生參與全球頂尖大學超過3900門課程的機會，實現個人化及自我主導的學習體驗。學生可透過多元文化的同儕學習，培養批判性思維及獲取認證證書。

此外，環球周及歐洲線上交流計劃將學生與全球同儕及專業人士連結，促進跨文化交流，助力學生在全球化的社會中脫穎而出，成為自主學習的終身學者。

STREAM (SRL Literature Maker)

The STREAM subject, integrated with cross-curricular initiatives, will be supported by upgraded facilities, including a Future Lab and a renovated STREAM Room, to provide a nurturing environment for increased engagement and motivation. The aims of the curriculum are to enable students to be supported by the effective strategies for motivating students towards self-regulated learning (SRL) and provide choices for students to explore the fields of STREAM and Literature in English. Besides, the curriculum enables students to apply inquiry-based learning strategies, hands-on learning experience and problem-solving skills, whereas the technological integration, including AI tools, e-learning resources, humanoid robotics (e.g. Unitree G1, UBTech and Yanshee/UGOT), Virtual Reality (VR) Meta Quest 3 and Augmented Reality (AR) applications, space exploration and Mars, has significantly enhanced creativity, 21st-century skills and engagement.

Activities Promoting a Healthy Lifestyle

To promote students' physical and mental well-being, we offer a diverse range of activities: weekly Friday morning runs, two annual Day 6 OLE sports days and Fruit Day, nutrition seminars led by registered dietitians, cheer-up events and gardening therapy. Furthermore, we have also set up three silent booths across the school, offering students a quiet, comfortable space to rest and recharge. These initiatives are designed to cultivate healthy habits, strengthen emotional resilience, foster peer interaction, and support students' holistic development both academically and personally.

為促進學生的身心健康，本校推出多元化活動：每週星期五晨跑、兩次Day 6 OLE運動日及水果日、註冊營養師營養講座、打氣活動、園藝治療，並設置三個靜音倉，為學生提供安靜舒適的休息及放鬆空間，藉此培養學生健康生活習慣、增強情緒韌性、促進同儕互動，讓學生在學業與個人生活中能健康成長。

National Education

國民教育

Kei Yuen College is dedicated to helping students inherit and promote Chinese culture. Through a “natural connection” and “organic integration” approach, elements of national education — including national security education — are incorporated into the curriculum design across various subjects. The school organizes a wide range of activities, such as lantern and floral plaque workshops, local field trips, overseas exchange programs, and a National Achievements Presentation Competition. Students are also encouraged to participate in external competitions to deepen their understanding of national conditions and the latest developments in our country, thereby strengthening their sense of national identity.

基元中學致力幫助學生傳承中華文化，透過「自然連繫」和「有機結合」的方式，將國民教育的各個元素，包括國家安全教育，融入各學科的課程設計中。學校舉辦多元化活動，如燈籠和花牌工作坊、本土考察、境外交流及國家成就匯報比賽。校方也鼓勵學生參加各項校外比賽，加深了解國情和國家的最新發展，從而提升他們對國民身份的認同感。

Throughout these six years in Kei Yuen College, my school life has been filled with both joy and tears, and one of the toughest challenges was the DSE examination. Although the journey was full of thorns, I am grateful that I overcame these hurdles with the assistance and support of my dedicated and compassionate teachers, as well as my cordial and amiable schoolmates. The moments we spent are among the most memorable parts of our lives, which will be imprinted on our minds endlessly, reminding us that we are part of the loving Kei Yuen family.

Learning is not an easy feat. There are moments when I encountered disappointments from unsatisfactory results in my academic studies; I felt overwhelmed by the sophisticated marking or perplexing comments, and I even experienced a sense of anxiety. After that, I realized that rushing all tasks to attain a sense of security does not help me perform better. The most effective method to manage setbacks is to cultivate a positive mindset and break down the tremendous volume of study materials into manageable segments. Through step-by-step guidance, I could eventually alleviate this and strive for the best.

Every person is born with talent. We should embrace the distinctiveness of one another and let our individuality blossom. Uncovering our inherent potential by exploring ourselves and participating in diverse activities will put us on the path to success. Studying is not the final destination, and striking a balance between studying and other aspects of life is important. With great endeavour, nothing is impossible. Step out of your comfort zone, and you will discover special moments around you.

Serving the Elderly

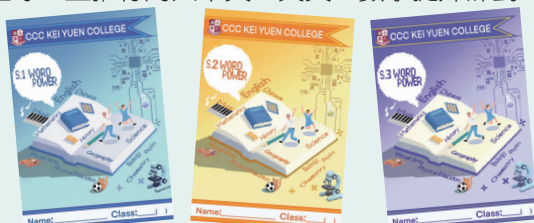

Nurturing New Students, Caring for Development

支援新生 關注成長

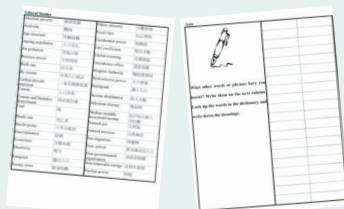

It is common to see S.1 students feeling anxious as they face their new environment. In view of that, our school holds plenty of activities to help them adapt to secondary school life. Below are the key programmes we implement to create a caring and supportive campus:

English Learning: To create a rich English-language environment, our school has placed considerable emphasis on learning English inside and outside our classrooms, such as having students compile a useful vocabulary handbook, “Word Power”, for their self-study. Over the years, a wide range of activities has been held to cater for learner diversity, such as the Summer Bridging Programme, workshops on learning strategies and learning skills, oral English and Language Arts courses organized by the NETs, Enhancement and Remedial Courses and the Saturday Chinese, English and Mathematics Enhancement Programme.

照顧學生的英語學習：編印各科英文生字自學手冊，供學生參考。開辦暑假銜接課程、中一學習策略／學習技巧工作坊、中一英文口語班（外籍英語教師教授）、中一資優／拔尖／補底課程等，並推行周六中文、英文、數學提升計劃，協助學生面對不同的學習需要。

Content

Social Development: In the S.1 Bridging Course held during the summer vacation, prefects and Love and Care Ambassadors help Form One students to adapt to their new secondary school life. Students also hold a regular lunch time sharing session to help them alleviate academic stress and to foster mutual trust and acceptance with their peers.

關注社交發展：暑假期間舉辦中一暑期銜接課程，由領袖生及關愛大使帶領活動，讓新生互相認識，從而建立友誼。並於開學後舉辦午間分享環節，由「大哥哥大姐姐」與中一同學分享及交流生活感受。

Home-School Cooperation: To strengthen cooperation and collaboration with parents, and to help parents better communicate with their children, professionals have been invited to give talks on S.1 Parents' Day. In addition, the Dual Class Teacher System has been adopted to maximize the care and support provided for Form One students.

加強家校合作：於中一家長日邀請專業人士到校分享，讓家長了解與子女相處之道。本校亦實施「雙班主任制」，以加強對學生的支援和照顧。我們深信「好的開始是成功的一半」，擁有愉快的中一校園生活經歷，有助同學更投入校園生活，發揮潛能，從而愉快地成長。

In 2021, our school held the CCKYC Visual Arts Exhibition at Yuen Long Theatre, and in 2023, we organized the CCKYC 40th Anniversary Visual Arts Exhibition at the Hong Kong Cultural Centre to showcase students' creative achievements.

CCCKYC 40th Anniversary Visual Arts Exhibition 2023

Visual Arts at CCC K Y C

At CCC Kei Yuen College, our Visual Arts curriculum is designed to support students in cultivating their creativity, critical thinking, and communication skills, while fostering their sense of aesthetic perception and cultural awareness. We also aim to help them develop their artistic abilities, construct knowledge, and cultivate positive values and attitudes. By participating in a range of artistic activities, outings, and exhibitions meticulously curated by the Visual Arts panel, students are provided with opportunities to enhance their skills, broaden their knowledge, and cultivate positive attitudes and values. Through these experiences, they not only experience the joy, pleasure, and fulfillment that come from creative expression, but also develop a lifelong appreciation for the arts.

本校視覺藝術科每年組織各式各樣的活動、考察和展覽，讓學生獲得更多發展個人技能、知識、態度和價值的機會。

* Prizes 獎項

Each year, our students take part in more than 40 competitions and win more than 67 prizes.
