School Vision and Mission

Our Vision 我們的願景

CCC Kei Yuen College is a Christian grammar school founded by the Hong Kong Council of the Church of Christ in China (HKCCCC) in 1982. Inheriting the spirit of "Serving & Preaching through Schooling" from HKCCCC and following God's words, "Together we grow in Him", we endeavor to provide students with quality whole-person education.

We strive to establish a happy learning environment where students have all-round development in moral, intellectual, physical, social, aesthetic and spiritual aspects. We recognize and put special attention to students' individuality and provide them with abundant opportunities to develop their individual potential so that they can grow up into teenagers who treasure themselves, cherish others and love God.

中華基督教會基元中學是一所基督教文法中學，一九八二年由中華基督教會香港區會創辦。本校秉承區會「透過學校，傳道服務」的辦學精神，並以「凡事長進，連於元首基督」為宗旨，向學生提供全人教育。

本校的辦學理念是建立一個愉快有紀律的學習環境，使學生在德、智、體、群、美、靈各方面得到均衡的發展；並且關注學生的個別特質，提供更多機會讓他們發展個人潛能，以成為愛己、愛人、愛神的有為青年。

Welcome to CCC Kei Yuen College!

Principal's Message

C

CCC Kei Yuen College is a Christian co-educational grammar school, with English as the medium of instruction, founded in 1982 by the Hong Kong Council of the Church of Christ in China (HKCCCC).

Our school motto, "We will in all things grow up into him who is the Head, that is, Christ" (Ephesians 4:15), and the name of our school—"Kei" means Christ and 'Yuen' means Head, thus 'Christ is the Head'—shape our direction, which is to follow Christ's model: striving for Excellence with a Soul and pursuing Outstanding with a Heart in all things.

We have established a happy learning environment where our students, nurtured with "Love and Care", can grow in love and where whole-person development is fostered. Not only do we value academic performance and intellectual development, but we also place strong emphasis on values, attitudes, and our perpetual tradition of physical and aesthetic excellence.

Kei Yuen students are nurtured to be self-regulated learners in a context that promotes extraordinary learning experiences not confined to the classroom. Ubiquitous learning, via online classroom, has been technologically enhanced to promote learning anytime and anywhere. Kei Yuen students also widen their global horizon by joining various service training and leadership development programs, as well as study tours to English-speaking countries.

High-quality education that caters to the diverse needs of our students creates abundant opportunities in our changing world. We acknowledge and pay special attention to students' individuality, developing their unique potential so that they can treasure themselves, cherish others and love God.

Our graduates are proud of being part of the Kei Yuen family. They understand their duty and have contributed to communities in Hong Kong, mainland China and the world for forty years.

I look forward to welcoming you to the Kei Yuen family.

English is an important international language, and one that students must master. Becoming proficient in English can enhance students' academic learning and prepare them for future career development. English has been the language of instruction for all Form One classes since the 2010/2011 academic year. This year, a total of 14 subjects are being taught in English in junior forms, including English Language, Mathematics, Geography, Integrated Science, Physics, Chemistry, Biology, Computer Literacy, History, Visual Arts, Physical Education, Home Economics, Music and Design and Technology. In addition, our school has adopted a variety of teaching and learning strategies to enrich the English learning environment.

English Learning Lifelong Benefits 英語學習 終身受用

To enhance students' speaking skills, all junior speaking classes are taught by a Native English Teacher (NET). Over the years, the school has organised many activities, including English morning assemblies, English Speaking Days, English Action Days and English variety shows. Furthermore, students are encouraged to participate in different English extra-curricular activities, such as the English Speech Team, the English Debating Team, the English Drama and Movie-making Society, the Smart Writers Society, and the Scrabble Society.

As our school aims to provide students with multiple learning experiences using English, different learning activities are organized every year, including study tours to the U.K. and Australia, summer camps for Learning English through Cultural Exchange (LETCE), summer programmes at the English Language Institute in China (ELIC), English Drama Competitions and Common Room Open Space.

英語是國際語言，是學生升學及就業不可或缺的基石。為裝備學生，迎接未來的挑戰，本校特加強英語教學。由2010 / 2011年度開始，本校中一所有班別均使用英語為教學語言。本學年，初中級使用英語授課的科目共有14科，包括：英國語文、數學、地理、綜合科學、物理、化學、生物、電腦、歷史、視覺藝術、體育、家政、音樂及設計與科技。

為加強學生的英語會話能力，初中各班英語會話課均由外籍老師教授，另設英語早會、英語日、英語活動日及英語綜藝表演等。除此之外，本校更成立英語課外活動小組，例如英詩朗誦學會、英語演辯學會、英語話劇及攝錄組、英文小作家學會、英文拼字學會等，以營造良好的英語學習環境。

再者，本校著重多元學習經歷，為學生提供不同類型的英語學習活動，如英國、澳洲英語遊學團、加拿大英語學習文化交流營、美國英語學會英文暑期課程、英語話劇比賽及英語空中廣播等，以提升學生的英語能力，拓展國際視野。

Everyone has their own dreams, and I am no exception. I know it is a challenging career path, but I have always wanted to be doctor. Being a doctor, I can help save people's lives. It is definitely a meaningful job.

As for my learning strategies, I find it particularly effective to do self-study to prepare for lessons, jot notes during lessons and revise the content covered after lessons. We may sometimes face challenges, but we should never give up.

I am fascinated by the Chinese language. I hope I can become a writer in the future since I appreciate how writers can elegantly express their thoughts and emotions in words.

As for study tips, we should pay attention in class by jotting down notes and organising what we have learnt using concept maps. Also, it is crucial to spend time after school revising the key points mentioned by teachers. This can help us to reinforce our memory and better prepare us for the exam.

In addition to memorizing all the concepts and knowledge from the textbooks prior to the exam, I always recall the importance of reviewing past work. This allows me to test whether I can digest the knowledge and apply what I learnt previously. It always seems impossible until it's done. Therefore, we should always work hard to achieve our goals.

It has always been my dream to be a physiotherapist. It is meaningful work, especially when we can help patients to recover from their injuries. To achieve my goal, I study hard to earn a place in the relevant subject at university. Different people have different learning strategies. For me, I use a concept map when doing revisions, which is a visual way to represent the information we are studying. The concept map also helps us to find the link between different concepts. In addition, it is essential to prioritize our tasks so that we can strike a good balance between study and rest. There is no free lunch in the world. Let's work hard together and make our dreams come true.

I am glad to have this opportunity to share my future goals and some advice on learning.

Growing up, I never had a career that I was particularly passionate about, but during the past few years at KYC I have discovered my interest in science and the human body. It is my dream to one day conduct research in biology. To do that, I hope to get into the School of Biomedical Sciences at HKU.

To all the new S.1 students, welcome to CCCKYC! Here is some advice that I hope will be helpful for your studies. First, prepare before classes and revise after classes. Simply taking 10 to 15 minutes to preview the learning materials helps you understand what is covered during lessons. Reviewing what you have learned on a daily basis makes studying for exams a lot easier!

Another piece of advice is to create a to-do list. Sometimes the number of tasks to be completed is just overwhelming. By writing them down, you can organise your time efficiently, which in turn reduces the amount of stress.

Lastly, I wish you all a fun and fruitful school life at CCCKYC. Do try your best and remember that the teachers are always there to help you!

Being a teacher has been my dream since childhood, and I would like to study Chinese Education courses to make that dream come true. Inspiring others and contributing to society are always meaningful pursuits.

Persistence is the key to success. Under no circumstances should we give up halfway. I will keep going since I have a clear destination and strong faith. We should try to set a goal for ourselves and spare no pain to achieve it. Besides studying hard, a suitable learning method is also indispensable. Rote learning is inefficient and meaningless. So, whenever we come across any difficulties in learning, we should approach our teachers to clarify our doubts. All teachers at KYC are always willing to help us.

Tomorrow never comes, because when it does, it's today! Do not find any excuse, do it with confidence and strive for your goal right now. One day, all your effort will pay off.

Whole-Person Education, Developing Students' Potential

全人教育 發揮潛能

01

One Student One Athletic / Artistic / Cultural Skill

- Every academic year, all students must participate in at least one activity, training session or competition related to Sports, Arts or Culture, such as ball games, athletics, swimming, Sports Day competitions, art exhibitions, traditional crafts, singing, musical instruments, Chinese opera appreciation, dancing, drama, speech, debate or calligraphy.
- All graduating students are required to participate in the Graduation Run.

一人一體藝文化

- 所有學生均須於每學年參加最少一項與「體藝文化」有關的活動，例如：球類、田徑、游泳、陸運會比賽、畫展、文化文物展、歌唱、樂器演奏、流行音樂、粵劇、舞蹈、話劇、朗誦、辯論、書法等。
- 所有中六學生須參加畢業跑。

Serving Our Community, Showing Our Love and Care

服務社區 盡顯關愛

We aim to touch the hearts of students with our love and care, and they in turn touch the hearts of many others in our community with the talents and virtues they develop during their secondary school life.

Every year, students in all forms need to participate in at least one volunteer service, such as beach cleaning, nursing home visits, Flag Days and assuming the role of Elder Academy Tutor.

本校重視學生的品德教育，鼓勵學生多參與服務，貢獻社區，承傳關愛精神。每年，不同級別的學生須參與最少一項服務活動，如清潔沙灘、探訪老人院、賣旗活動、擔任基元長者學苑導師等。我們期望學生能夠成為才德兼備的「基元人」。

03 One Student One Service

- All students need to participate in at least one Volunteer Service in each form.

S.1: Conservation Services – cleaning beaches and country parks

S.2: Caring Services – serving the elderly

S.3: Experiential Services – Community Experience Day

S.4: Community Services – Flag Day

S.5: School Services – student leaders, house committee members, Elder Academy tutors

一人一服務

- 所有學生必須參加與「服務」有關的指定活動：

English Learning

To create a rich English-language environment, our school has placed considerable emphasis on learning English inside and outside our classrooms, such as having students compile a useful vocabulary handbook, "Word Power", for their self-study. Over the years, a wide range of activities has been held to cater for learner diversity, such as the Summer Bridging Programme, workshops on learning strategies and learning skills, an oral English and Language Arts course organized by the NET, Enhancement and Remedial Courses and the Saturday English, Mathematics and Science Enhancement Programme.

照顧學生的英語學習

編印各科英文生字自學手冊，供學生參考。開辦暑假銜接課程、中一學習策略/學習技巧工作坊、中一英文口語班（外籍英語教師教授）、中一資優/拔尖/補底課程等，並推行周六英文、數學提升計劃，協助學生面對不同的學習需要。

It is common to see Form One students feeling anxious as they face their new environment. In view of that, our school holds plenty of activities to help them adapt to secondary school life. Below are the key measures we take to create a caring and supportive campus:

踏入中學校園，中一新生面對陌生的學習環境難免感到徬徨不安。為了讓學生更易融入校園新生活，本校特別安排以下的配套措施，支援中一新生。

02

Social Development

In the S.1 Bridging Course held during summer vacation, prefects and student leaders of the Big Brothers, Big Sisters Scheme help Form One students to adapt to their new secondary school life. Students also hold a regular lunch time sharing session to help them alleviate academic stress and to foster mutual trust and acceptance with their peers.

關注社交發展

暑假期間舉辦中一暑期銜接課程，由領袖生及「大哥哥大姐姐計劃」的學生領袖帶領活動，讓新生互相認識，從而建立友誼。並於開學後舉辦午間分享環節，由「大哥哥大姐姐」與中一同學分享及交流生活感受。

03

Home-School Cooperation

To strengthen cooperation and collaboration with parents, and to help parents better communicate with their children, professionals have been invited to give talks on S.1 Parents' Day. In addition, the Dual Class Teacher System has been adopted to maximize the care and support provided for Form One students.

加強家校合作

於中一家長日邀請專業人士到校分享，讓家長了解與子女相處之道。本校亦實施「雙班主任制」，以加強對學生的支援和照顧。我們深信「好的開始是成功的一半」，擁有愉快的中一校園生活經歷，有助同學更投入校園生活，發揮潛能，從而愉快地成長。

Visual Arts at CCCKYC

Every year, we organize various activities, outings and exhibitions for our students so that they have the opportunity to develop their skills, knowledge, attitudes and values.

Winner of the Student of the year 2020 - Visual Artist

I am more than honoured to receive this award. First of all, I would like to take this opportunity to thank the South China Morning Post and the Hong Kong Jockey Club, who provided scholarships to support talented students, and the judges, who appreciated my artwork.

Creating and designing art is never easy. While others think successful artists/designers are born with "natural talent", in reality these artists are practising or making useful mistakes in the meantime. They, including me, have created repulsive pieces before. Some of my previous artwork were horrible, but they were stepping stones to greatness.

The major life experience I learnt during VA lessons was that Art reflects societies, and great iconic designs bring beneficial impact to the future. My VA teacher, Miss Chu, taught me that drawing exquisitely in the design is never enough, but the idea behind it makes a world of difference. I wish I could be a great artist/ designer who impacts and improves people's lives. A long way is ahead of me, and it excites me.

The advice I can give to the young VA artists studying VA at CCCKYC is — always stay true to yourself and never underestimate your power. Being truthful and accepting of the mistakes that you have made are the ways to improve your art career.

Lastly, a special thanks must extend to Mr Wa, who guided me while making my significant installation "The Monsters", and Miss Chu, who constantly inspires me. I wouldn't have made major achievements without their help.

2nd runner-up of the Student of the year 2021 - Visual Artist

2ND RUNNER-UP | 5A JOANNE LAI TING-TING CCC KEI YUEN COLLEGE / FORM 5

At school, Joanne Lai Ting-ting has taken on the role of art ambassador to inspire fellow students to express their ideas and concerns through visual art. In parallel, she will also encourage them to do more to contribute to the community by volunteering and organising art exhibitions for the public. When young, her parents and teachers supported an interest in drawing and equipped her with the techniques needed to paint well. Subsequently, this know-how combined with digital technology has allowed her to create a variety of artworks. Aiming for a career in visual arts, she wants to unite her passion for painting and graphic design with the chance to connect with people. Her confidence in expressing her voice has grown over the years from participating in competitions, using her work to raise public awareness of social issues like child abuse, creating large-scale installations and 3D window displays.

Music at CCCKYC

Music plays an indispensable role in broadening students' cultural horizons, and in facilitating their all-round individual development.

SHARING BY A 2022 HKDSE OUTSTANDING STUDENT

Life as a secondary school student is never easy, as we face many challenges. School life under Covid-19 was extremely tough for many people, especially senior students (including me) who were preparing for the HKDSE. However, at Kei Yuen, we are lucky to have helpful teachers and friendly schoolmates who are always willing to help us, stand by us and give us support and care when we need it. Therefore, I would like to express my sincere gratitude to all teachers and Keiyuenness.

Online learning can hinder our studies, as many uncontrollable factors can disturb our learning. However, in my case, days at home were an opportunity to study harder and achieve more. We were able to plan our own learning schedules and adjust them to suit our needs. Study apps, such as Yeolpumta, could help us do this. We could make good use of this time to equip ourselves with knowledge and not give up when we encounter obstacles. I believe that our efforts in relation to online learning paid off. Never underestimate yourself. People always ask me, "What is your motivation for studying hard?" I say, "To give myself a chance to choose". It may sound strange, but the fact is that the higher the grade you achieve on the DSE, the greater your choice of tertiary education. Try your best, and don't let your future self regret your present self.

Although getting good grades is essential, mental health and enjoying a social life are important. Take a rest when you feel exhausted, depressed or anxious. After all, your health is more precious than your academic results. Whenever you feel tired, stop studying and do things you like. Chat with your friends and family or relax. Recharge your energy so that you can go even further. Work hard; play hard.

I hope that all of you have enjoyable school lives at Kei Yuen College and that your dreams come true.
